Switchback ride sheet

Fill in within an hour of the ride (about 5 minutes). Do not fill in while riding. Rate what you experienced, not what you expected.

A. The ride

Road / stretch: _____ Direction: _____ Date: _____ Start time: _____

Pace: ☐ relaxed ☐ brisk ☐ spirited Surface: ☐ dry ☐ damp ☐ wet Temp (°F): ☐ <50 ☐ 50-70 ☐ 70-90 ☐ >90

Trees: ☐ bare ☐ partly leaved ☐ full leaf Traffic vs what I expected: ☐ lighter ☐ as expected ☐ heavier

Oncoming vehicles I passed (best guess): _____ Passed or held up by slower vehicles: ☐ never ☐ once or twice ☐ often

B. Ratings (circle one; each dimension on its own)

Flow / engagement (1 = dull or awkward, 5 = great)	1	2	3	4	5
Seeing through corners (1 = often blind, 5 = always had enough view)	1	2	3	4	5
Interruptions (1 = flow constantly broken, 5 = never)	1	2	3	4	5
Pavement (1 = poor, 5 = excellent)	1	2	3	4	5
Traffic (1 = it spoiled the ride, 5 = no effect)	1	2	3	4	5

Overall enjoyment (1-10) 1 2 3 4 5 6 7 8 9 10

Would I ride it again? ☐ **yes** ☐ **maybe** ☐ **no**

C. Marks: specific corners or places that stood out (use the corner numbers on the map pages)

#	Corner # or place	Type	1-5	One-off?	Note (what you saw or felt)
1					
2					
3					
4					
5					
6					
7					
8					
9					

Type: BL blind corner CL clear corner GF great flow AF awkward flow SU surprise (tightens, off-camber, crest)
IN interruption (signal, stop, junction, driveway) PV pavement HZ hazard (gravel, debris, animal, water) TR traffic event
1-5 = how strongly. One-off today = Y if it would not be there on another day (wet, gravel, a slow truck).

D. Anything about the road that surprised you, or that these questions missed?

Hand back: a photo of this page, or the same fields typed into data_private/ride_log.csv and ride_marks.csv. Your ratings stay private.
